Hi Peter
Representatives from the Church of Scientology are looking to make contact with James Craig the police chief in Detroit. Apparently they're opening up a large church type facility or resource Center and want to meet with him.
Mark Green told me you might have contact with James or at least his contact number in Detroit. Can you please have A member of Chief Craig's staff reach out to the below listed person? Thank you so much.
Hope you are well.

Hello Sir.

Is there any way to stop the Scientology people from harassing us innocent people on Sunset Blvd?

They were trying to prevent us from going to our doctor; this is illegal and scary we were very shaken up

Thank you

Dear Sir,

We would like to inform that Her Excellency Dr. Dipu Moni, MP, The Chairperson, Parliamentary Standing Committee on Ministry of Foreign Affairs of Bangladesh and The Former Foreign Minister of Bangladesh would like to visit Los Angeles and San Francisco from July 16-21, 2018. During her visit in Los Angeles, Her Excellency would like to attend a reception and deliver a speech to a public gathering on July 20, 2018 at 8.30 pm at Lebanon Hall, Church of Scientology of Los Angeles, 4810 Sunset Blvd, Los Angeles, CA90027. The program will be organized by a political party of Bangladeshi Americans living in California.

02. The Consulate General of Bangladesh in Los Angeles will deeply appreciate, if necessary police vigilance could kindly be ensured at Lebanon Hall, Church of Scientology of Los Angeles, 4810 Sunset Blvd, Los Angeles, CA90027 during her presence at the event venue.

03. Thanking you in anticipation.

Another possibility could be - maybe we can organize some potluck barbeque party for our tenants... We have a lovely patio...

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

Hello Everyone,

I live at [redacted] I saw the LAPD drive by this morning around 8:45am. There was already a group of four or five people sitting on the corner in the middle of the sidewalk and in the grass. I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911.

After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Please remember to stay in contact with Councilman Mitch O'Farrell's Office about the parking restrictions and funding for a beautification project. In the meantime, we will continue to advise and enforce where we can.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Jose,

Captain Palka has an Officer assigned to our station in charge of our media. We are also reaching out to our friends at Scientology and their profesional photographers.

Lastly, will the last items be installed today prior to ceremony tomorrow?

Team, I wanted to share with you some thoughts on what I am proposing for Thursday's ribbon cutting event at the gym. Please note some questions as well.

Confirmed attendees: Captain Palka
Samir Svirastava
Councilmember Mitch O'Farrell
Baydsar Thomasian (St. Senator DeLeon's office)

Tentative: Councilmember David Ryu

Question: Is anyone from the Hollywood chamber attending?

Audience: 20-50 police officers
Samir will invite a few community folks

Set-Up: Main event to occur in hallway outside gym (LAPD will ensure that hallway is cleaned)
Eddie, Anibal, and me will arrive early to set-up

Table set up for refreshments and finger foods (LAPD will provide refreshments, ABS will provide finger foods)

Does LAPD and/or ABS have a large banner to hang as backdrop?

Does LAPD have "golden scissors" for ribbon-cutting, or do we ask CD13 to provide?

Will LAPD Media relations be present, take photography?

Proposed Emcee for event: Captain Palka
Key message: The previous condition of the gym and how the new gym lifts morale

Captain Palka introduces Councilmember:
Key message: The importance of seeking private/public partnerships to bring resources to our public facilities

Captain Palka introduces Baydsar:

Key Message: Public sector has responsibility to ensure that police officers have adequate facilities

Captain Palka introduces Samir:
Key Message: I am a long-time booster of the Hollywood Division and believe in forging partnerships with community and LAPD; Samir recognizes contractor and other sponsors

Captain Palka closes speaking portion and invites all attendees to gather around the main door to cut ribbon.

All attendees and guests enter gym to take ceremonial photos and do a "ceremonial" lift of some weights.

Team, please review this and, if possible, respond to questions. After additional feedback tomorrow, I will provide update tomorrow night.

Thanks

Jose

Dear Officer Wilson,

Its unfortunate the DA decided to not file despite the evidence but I still must thank you for YOUR efforts and care.

I Commend you for taking the time to help,

It is Police Officers like you that give citizens like us the continued hope in a safer and productive community. Please continue to shine.

Best Wishes,
Richard

Dear Officer Wilson,

The attached files include:

- A quote for the replacement aluminum sign.
- A quote for replacement camera on Yucca Street.

- A quote for the replacement brass sign.

These quotes total $1,019.00 for the items; this is without labor or customization needed.

I already sent pictures of the damage he caused and video evidence to show that he did this.

Best,

Richard
